Prop. 9 Defeat Urged

If negative, pre-election voices are effective, Proposition 9, the so-called anti-pollution proposition is dead.

Dished up as a set of rules that would give Californians a sterile environment, it now is being shown that it does nothing of the sort.

"Nine" proposed to: specify composition and quality of gasoline; shut down anything that violates pollution standards; restricts extraction of oil in certain coastal areas, prohibits more atomic powered generating plants, restricts use of pesticides, and imposes penal sanctions and civil penalties for violations.

Opponents say the Proposition slithered onto the ballot via petition circulated by overzealous conservationists.

As election nears, the opposition talk is growing tougher. In the list are 350 newspapers, radio and television stations, very important persons, national, state and local organizations, labor groups, chambers of commerce and lawmakers. The list includes Governor Reagan and a flock of assemblymen, senators, mayors and congressmen. And the resistance—the panic, seems to be growing.

Some of the resistance is as forthright and inelegant as a labor leader's negotiating language. For example, one opponet said, "This device (9) in unbelievable to the point of being irrational. It promises the moon, but it won't even deliver a piece of green cheese!"

Know who said it?

A labor leader—Sigmund Arywitz, executive secretary of the L.A. Federation of Labor, AFL-CIO!

Mr. Arywitz turns a trenchant phrase. He churned out several in opposition to 9. Because his philosophy, if not his syntax, lines up with what research on 9 has produced, his deathless prose is herewith reported:

"It (9) is an environmental booby trap, set by professional clean air patriots, that will guarantee a miserable depression while making air pollution worse," says Arywitz.

Want more? OK.

"Prop. 9 is a senseless document.

"It promises clean air, but how do you clean up the atmosphere by pumping more pollutants into it?

"It promises more jobs, but how do you create more jobs by automatically putting tens of thousands of people out of work, closing down factories, and paralyzing transportation?

"It promises relief from smog, but it won't reduce emissions from cars—just ransack drivers' pockets by inflicting ruthless fines—4% of a whole year's income—on the owners of cars that put a pollutant into the air—even accidentally.

"Everyone can't find time to read the fine print of this mess . . . 9 may be a promoter's dream, but it is a people's nightmare.

"It would not cure any of our environmental ills, but make them worse by freezing present technical knowledge into unchangeable law thus preventing any laboratory breakthroughs, except by another vote of the people.

"This Proposition is obnoxious in all its major provisions.

"By barring construction of clean nuclear plants it makes blackouts inevitable, stifles our economy, and insures more pollution; by forcing greater reliance of fossil-fuel electricity plants, which emit pollutants, it worsens the very atmospheric conditions it pretends to cure; by outlawing the use of diesel oil for buses, trucks and trains, except for oil having a low sulphur content that can't be mass-produced for two to five years, it throws 150,000 men out of work overnight and makes shambles of our transportation system; by imposing gasoline standards that can't be met in the prescribed time periods, it invites gas rationing and immobilized cars; by forcing farmers to abandon the use of governmentally approved pesticides, it threatens huge crop losses and wicked supermarket prices; by forever banning new offshore oil and gas drilling, and onshore drilling within a mile of the shore, it will deprive the state of $750,0000,000 income—which all of us will have to dig into our pockets to make up.

"And by giving bureaucrats the right to shut down a factory operating under a variance, whether or not it is polluting at the time of the shutdown—and without the right of a hearing or appeal, it puts workers into the unemployment lines and mocks Constitutional guarantees."

That's tough, straight talk which averts mealymouthing usually associated with issues—and we commend Arywitz for uttering them.

No one believes that the half-million people who signed the petitions to put 9 on the ballot intended to wreck the State to get clean air, but as Arywitz adds ". . . especially since the Pied Pipers they are following can't and won't deliver on any of their promises."

Political Merry-Go-Round

The latest in a growing list of endorsements came last week when San Diego County Sheriff John F. Duffy endorsed the 2nd Supervisorial District candidacy of Bill Clements.

Sheriff Duffy said that Clements had "an enviable record of 23 years with the Sheriff's Department, and since his retirement has continued to work closely with law enforcement and within his community.

". . . I strongly support and endorse Bill Clements for Supervisor," Duffy said.

Denise Evers, a La Mesa civic leader, has accepted the chairmanship of a "Students for French" committee. The group will support Gene French for Supervisor, 2nd District.

Co-sponsors of the organization are the Rev. Dale Bailey, Youth Director, Skyline Wesleyan Church, Lemon Grove, and Tom Hyer, Helix High school teacher.

Serving on the committee are Ted Updike, Mt. Miguel High school ASB president; Richard Eisloeffel, El Cajon High school class president; Sewell Dunton, Santana High ASB president; John Campbell, University High, publicity chairman, and Davis Pratt, Grossmont High, publicity chairman.

Miss Evers, a State senior, recently won the National Recognition award from Freedoms Foundation at Valley Forge for her work with the Heartland Youth for Decency and for her efforts on behalf of the American Prisoners of War.

Assemblyman Wadie Deddeh, seeking re-election, in the 77th District, has been given the endorsement of the San Diego and Imperial Counties Peace Officers Research Association of California (PORAC).

The PORAC endorsement represents peace officers of

SV Sailor Charged With Kidnap, Sex Perversion

A Spring Valley sailor was arrested in his apartment early last Friday morning and charged with kidnap, sex perversion and battery arising from two alleged incidents involving Monte Vista High School students.

Ronald Gabriel, 24, of 3827 Conrad dr., apt. 29, Spring Valley, was arrested after his vehicle was linked to the alleged crimes.

According to a report taken from a 14-year-old girl, the suspect offered her a ride home from school at about 2:15 p.m. while the victim was hitch-hiking near Monte Vista High.

When the youngster entered the car, the suspect allegedly grabbed her by the throat and threatened to kill her. When the victim screamed, however, the suspect pushed her out of the vehicle, she said, and sped off in the car, which was described as a light-colored four-door sedan with a dark interior and an automatic transmission.

At about 2:40 p.m., another girl, a 16-year-old Monte Vista student, was picked up while hich-hiking in the same area by a suspect matching the description of the suspect in the earlier case.

When the victim got into the car, the suspect put his hands to her neck and threatened to strangle her. He then forced her to perform a sexual act while the suspect drove slowly in the area, she reported.

The victim was allowed to get out of the car at Monte Vista High School a short time later and was able to get a partial license plate number of the vehcile, which she described as similar to the one in the earlier case. Both victims indicated that there was no door handle on the inside passenger door of the car.

The victim then waited for her boyfriend at Monte Vista and afterwards reported the incident to the Sheriff's Department.

Later, the girl saw the car parked near the suspect's address and it was reported to the Sheriff's Department. After deputies were certain that the car was the one involved in both cases, Gabriel's name and address was ascertained and he was arrested. Gabriel reportedly matched the description given by the victims in both cases.

S.V. Woman Charges Rape

A jury of ten men and 2 women, after deliberation on charges that a National City man raped a Spring Valley housewife, determined that the defendant was guilty Wednesday afternoon.

Harold Eugene King, 22, on trial before Judge William Low on two counts: rape and sex perversion, was accused of raping a Spring Valley woman on a remote road in Bonita.

The woman testified that a following car blinked its lights while she was enroute home from her job in El Cajon. She said she stopped, thinking the driver was alerting her to something wrong with her car. Instead, she told the jury, King made her drive to the area where the alleged attack took place.

The trial had been delayed by injury to King in a fight at a bar. When Michael Roberts, a deputy district attorney, asked King if he was trying to damage the reputation of the victim's husband by saying that the attack took place at the Cuz Inn, 8921 Jamacha rd., Spring Valley, the defense attorney, Rock Zitow objected to the question. Judge Low sustained the objection.

Outside the courtroom Ed "Yogi" Redman, a sheriff's deputy detective said that King had reported to the sheriff's office that he had been attacked at the Spring Valley tavern but investigation showed that the attack took place at a bar at 70th and El Cajon blvd.

King, a tall, husky youth, showed no signs of any beating. However, he wears a long flowing mustache and hair that hangs below his shoulders.

Garden Hose Used To Extinguish $8,000 Fire

An $8,000 loss was attributed to a Spring Valley fire early Sunday morning, which was extinguished with a garden hose.

According to reports from the Spring Valley Fire Department, men and equipment responded to a call at 2:39 a.m. from the Donald R. Carr, Jr., home at 9718 Arapaho.

By the time firemen arrived, the blaze had been extinguished by Carr with his garden hose. Carr had been away from the house, returning to find it in flames.

Damage was listed at approximately $5,000 to the structure and $3,000 to its contents.

Two To Be Interviewed May 30

Asst. Superintendent Candidates Screened In Executive Session

The Lemon Grove School District Board of Trustees Monday night failed to reach a decision regarding the replacement for Dr. Robert Sutton's assistant superintendent post.

A field of four candidates had applied for the position, which will be vacant when Sutton is promoted to the post of superintendent, replacing retiring superintendent Byron L. Netzley.

Trustees, after an executive session of nearly two hours, announced that the field had been narrowed to two applicants, who will be interviewed at a special meeting of the board May 30 at 6:30 p.m.

The four candidates who applied, all from within the district, are Hal Brogan, principal at Palm Junior High, Jim Justeson, the district's project coordinator, Jim Terry, principal at San Miguel Elementary School, and Eldon Meyer, interim principal at Monterey Heights Elementary School.

Both Brogan and Terry have been with the district a number of years and have performed their duties well. Justeson and Meyer have much experience in administration. Justeson has been involved in elementary administration out of the area since 1963, and Meyer formerly served as superintendent of the Jamul-Las Flores School District.

All four candidates are well-qualified for the position, which explains the lengthy executive session. The two to be considered Tuesday were not announced as of press time.

Although the major question of selecting Sutton's replacement was not resolved, one thing was probably decided. Since the board has decided to employ a candidate from within the school district, the chances of Meyer being rehired in either an administrative office position or as a principal have been boosted.

Meyer, serving presently as an interim principal, was not re-hired two weeks ago when other certified personnel were re-employed, because there was no vacant position at the time. He indicated a desire to stay on with the district and the district indicated a desire to keep him, if possible.

In other board action, the board tabled action on certificated and classified staff salary proposals. Certificated employees seek a 5.47% increase, while classified employees are asking for a 5.2% hike.

When the proposals were made to the board, it appeared that trustees received them well, indicating that negotiations may be easier this year than in the past. The real problem with granting pay hikes will probably lie with getting the money, which this year looks more difficult.

Trustees also took another look at the preliminary budget, which is expected to increase this year. With no substantial new funding seen as yet and cuts in other areas, the budget may have to be trimmed considerably to avoid tax increases.

Rounding out board action was the support of proposition 2, the unsafe building bond issue, and the support of a proposed stop sign near the Vista La Mesa School, as well as several routine matters.

Bandit Flees With Cash

Roy's Union Service, at 7593 Broadway, Lemon Grove, was the victim of an armed robbery at 9 p.m. last Sunday evening in which an unmasked bandit escaped on foot with $80 in cash.

According to reports from the Sheriff's Department, the robber walked into the gas station and told the attendant "Don't get excited, I only want your money".

The attendant gave the bandit cash from the money box at the gasoline pumps. The suspect then accompanied the attendant to the garage area of the service station, demanding money from a cash drawer there.

The robber, after receiving that cash, inspected an open safe in the office and after determining that there was no more money, forced the attendant into a storage area of the station and escaped on foot.

Several Sheriff's Department patrol cars, as well as Andrea, the Sheriff's Department's helicopter, scoured the area with negative results.

The suspect was described as a white male, 18 to 20 years old, about 5-9 and 150 pounds, wearing a thin beard and long hair, as well as Navy-type jeans and a blue denim shirt marked "Property of City Jail" on the back.

Cab Driver Robbed

Two men, one armed with a revolver, robbed a cab driver in Lemon Grove of $60 early Tuesday.

James Boyd, 29, a driver for Diamond Cab, told sheriff's deputies that he picked up two men at Washington and Broadway who threatened him and forced him to drive to the 7900 block of Eastride dr. in La Mesa where they took his money, his keys and fled on foot.

Monte Vista Sets Fashion Show Tonight

Fashions for everyday life will be on tap this evening, when more than 75 girls from the home economics classes at Monte Vista High School exhibit handmade outfits in a fashion show beginning at 8 p.m. in the campus "Little Theatre."

The girls, ranging from freshmen to seniors, are from the seven home economics classes at the school which include sewing in their course material. Each girl will model dresses which she has made herself in class.

In addition to the fashion show, the girls will exhibit works in the decorative arts which they have made during the classes. These works include needle work, bead work, macrame, crochet, knitting, hairpin lace, and weaving.

A special feature of the show will be the dresses of Yuen Man Chung, Monte Vista's foreign student from Hong Kong, who not only sews, but designs her own clothing. She does not work from a pattern, but cuts the raw material to her measurements according to a sketch.

The girls will be escorted by a platoon of campus boys for the show, which is expected to last about an hour and a half. Admission is $1.50 for adults and 50 cents for children under 12. Tickets may be purchased from any home economics student, or at the door.

L.G. Plan Assn. Seeks Park Funds

SAN DIEGO (CNA) — A staff report was ordered by the Board of Supervisors on a request by the Lemon Grove Planning Association for the formation of a county service area.

Association President James V. Dorman said his group favors forming a service area only if it was necessary to raise matching funds for local parks. Federal money is available under the Heritage of Parks program.

A service area may raise money by taxation by direction of the supervisors and can perform any service the county is authorized to perform — but only with the permission of the Local Agency Formation Commission.

One such service area runs an ambulance service and another a water system.

Capacity Turnout Assured For Netzley Banquet

A capacity attendance is assured for the Byron L. Netzley Recognition Banquet May 31 Robert Russell said today.

Russell is past president of the L.G. Chamber of Commerce, sponsorer of the dinner. Netzley is the retiring superintendent who has served the L.G. School District for 30 years.

The affair will be in the ballroom of the Plaza International hotel, Mission Valley, South at 7 p.m. following a hospitality hour.

Netzley, a graduate of Whittier college, was a teammate of President Nixon's on the Whittier football squad. An invitation was extended to the college football coach of that period to join the Wednesday fete.

There will be a liberal sprinkling of dignitaries among the 300 who will attend. President Nixon, who will be otherwise occupied, is sending a communication which will be presented at the dinner.

Jim Dorman, a young attorney, a product of Netzley's District and a member of the District board of trustees, will be master of ceremonies for the affair. Al Lafleur, a longtime professional acquaintance of Netzley's will discuss Netzley's accomplishments.

Tickets are $10 a person on an available basis from the L.G. Chamber of Commerce.

State Funds Available For Second Campus

State Senator Clair W. Burgener this week announced that Governor Ronald Reagan has signed legislation which clears the way for a second campus for the Grossmont Community College District.

Senator Burgener's SB 365 appropriates $957,642 of previously approved state funds for acquisition of the site of the additional campus. These funds will be immediately available under an urgency clause which will save the taxpayers the cost of penalty charges for delay in purchase, Burgener said.

The new 165-acre site is located in the "new town" of Rancho San Diego near El Cajon. The campus will be designed to serve an eventual student population of 6,000 at the pre-professional or pre-vocational level.

Rain Total .39 Inch

The week-end storm which spread showers throughout the county, left .39 inches of rain in the Lemon Grove-Spring Valley area and brought the season's total to 5.20 nches—about half of last year's total—according to Bobbie Whitley, meteorologist at the local Fire Station.

Last year at this time 10.66 was recorded. Rain season ends July 1.

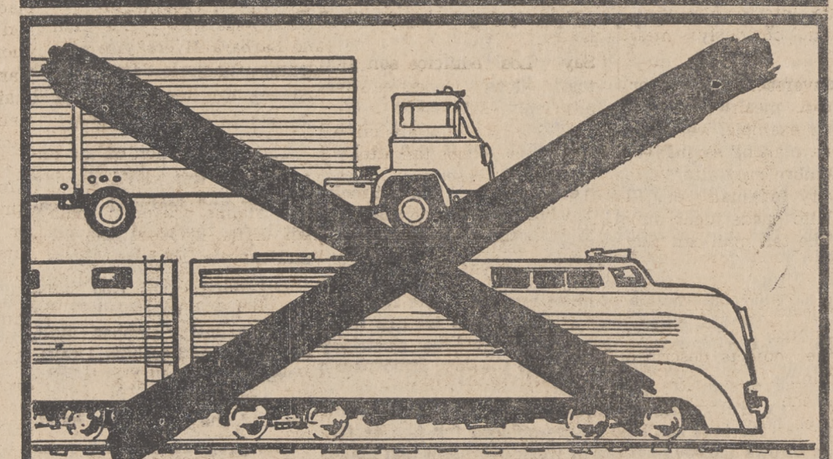
Would you vote to Stop all Truck and Freight Train Transportation in California?


You certainly wouldn't if you happen to be one of the 1,000,000 Californians who work directly in the transportation industry! You'd lose your job within a few days after election.
And if you think about it for a minute or two, you realize that no matter what you do for a living, you'd be in serious trouble.
Businesses of all kinds would no longer be able to market their products.
Farm crops would rot in the fields and on the trees.
Unemployment would reach staggering proportions.
You wouldn't be able to provide yourself and your family with the basic necessities of life!
Nobody in his right mind would vote "yes" on such a stupid, vicious proposal. Yet that's what you're being asked to do when you go to the polls on June 6 to vote on Proposition No. 9—the Pollution Initiative.
Down in the fine print, Proposition No. 9 contains an innocent-sounding provision limiting the content of sulfur in diesel fuel sold for use in internal combustion engines in California to .035 per cent.
The limit now in effect is .5 per cent—14 times as much!
The very small amount of diesel fuel now available that would meet this ridiculous requirement is insufficient even to fill the needs of public transit buses, which run on the lowest sulfur content diesel now in production.
If Proposition No. 9 should pass, the next day the great majority of trucks and diesel-powered freight locomotives would have to stop running—because there would be no "legal" fuel available to operate them!
It would take an undetermined period of time—two years?—six years?—nobody knows for sure, before refineries could be adapted at enormous expense to produce diesel fuel in the quantity needed to meet our transportation needs.
Knowing the facts, nobody in his right mind would vote for Proposition No. 9.
LOSING YOUR JOB WON'T SOLVE POLLUTION!
And voting for Proposition No. 9 won't solve pollution. The Technical Advisory Committee of the Air Resources Board of California reports that even if the sulfur content of diesel fuel required by Proposition No. 9 could be achieved, it would reduce sulfur-dioxide emissions in Los Angeles County by only three-tenths of one percent! What a price you're being asked to pay to accomplish virtually nothing!
Vote NO on Proposition No. 9

S.V. Kiwanis Upsets Luigi's

Berg Electric won its only game of the week while chief opponent Luigi's Restaurant split two games, enabling the electricians to take over first place in the Spring Valley Little League standings.

Berg took on Dial Finance and collected six runs in the first inning to set the stage for the easy 10-6 victory. Michael Brown was the winning pitcher for the league leaders.

Luigi's, in a tight battle with S & H Martinizing, won its first game by a 1-0 margin but was bumped off by co-cellar dweller SV Kiwanis, 4-3, later.

In other games on the week, Jackson Supply knocked off Morse Lodge, 9-6, despite a last minute rally by the Moose and Post Office ripped Kiwanis, 16-4.

A hot pennant chase continued in the intermediate league, as Mission Bay Concrete, in first place, and second place Jim Nicoll's Racers both won their games.

Mission Bay dumped Art's Lumber, 14-6, on the good batting of Dennis Buth, who belted a double and triple. Nicoll blanked Tea Pot Inn on Jim Delaney's no-hitter, 4-0.

In the only ither game of the week, Boosters edged Quick Way Construction, 12-11, in a darkness-shortened game.

In the minor league, Lomita Bowl dumped Pat's Rentals, 11-3, to hold the loop lead over second place SV Shopping Center, who beat NTC Morse Code School, 15-7.

Mary Browne Tops League Despite Loss

Mary Browne Realty split two games last week, but continued on top in the Spring Valley Poney League standings with a 4-1 record.

Mary Browne bumped last place Musser and Sons, 3-2, and lost to IED Conic Corporation, 5-1. In both games, Mary Browne came up against top notch pitchers, facing hard-luck loser James Campbell and strike-out artist J. P. Koval.

In the IED-Mary Brown affair, Koval twirled a one-hitter while piling up 16 strike-outs and walking only four batters. Mary Browne's only run came in the first inning without benefit of a hit.

At the beginning of the week's action, IED and Mary Browne were tied for first place with 3-0 records, but IED missed its chance to move into the top spot by dropping games to the Dodgers and the Giants.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

"Alto" is a basic Spanish word with several interesting applications. If we are traveling in a Spanish-speaking country we might see this word in big bold letters at a boulevard intersection where it would obviously mean "STOP."

In conversation, however, "alto" can mean "high" or "tall." For example, we might describe a man by saying "El es un hombre muy alto." (He is a very tall man.) or "El hombre alto puede jugar muy bien." (The tall man can play very well.).

"Alto" can be used to describe objects but changes to the feminine form "alta" when the objects described are feminine. This may be seen in the expression "La montana es muy alta." (The mountain is very tall.) and "Su casa es muy alta." (Your house is very tall.).

"A altas horas" demonstrates another variation in the meaning of "alta" in the plural form. This phrase may be interpreted "at late hours." Used in a complete sentence it might allow us to express "El llega a muy altas horas." (He arrives at very late hours.) or "Ella trabaja hasta muy altas horas." (She works till very late hours.).

"Lo alto" means "the top." With this phrase we may say "Su rancho esta en lo alto de la loma." (Your ranch is on the top of the hill.). "Pasar por alto" means "to overlook." This unique phrase may be better visualized in "Voy a pasar por alto los senales." (I am going to overlook the signals.)

Practice phrases demonstrating the various forms of "alto" are listed below for your learning pleasure. You may wish to learn to say them with the aid of the recorded voice that says them for you when you dial 276-2762 on your telephone.

IMPORTANT PHRASES:

Say "El es muy alto." (ehl ehs MOO-ee AHL-toh)
for "He is very tall."
Say "Ella es muy alta, tambien." (EH-yah ehs MOO-ee AHL-tah tahm-be-EHN)
for "She is very tall, also."
Say "El llega a las altas horas." (ehl YEH-gah ah lahs AHL-tahs OH-rahs)
for "He arrives at very late hours."
Say "Los edificios son altos." (lohs eh-dee-fee-see-ohs sohn AHL-tohs)
for "The buildings are tall."
Say "Que precios tan altos." (keh PREH-see-ohs tahn AHL-tohs)
for "What high prices."
Say "Pasamos por alto esto." (pah-SAH-mohs pohr AHL-toh EHS-toh)
for "We overlook this."

When you spend an evening out, the last thing you want to do is worry about your youngsters at home. Here are a few suggestions that may help both you and the babysitter relax.

Write down the names of the places you're going, the phone numbers and the approximate time you'll be at each place. Have emergency numbers, including the family doctor's written down, too. There are special blanks for emergency numbers on the inside cover of your phone book.

Taking these simple precautions before you leave home will make your night out more enjoyable.

It was showdown week for the Len's of Lemon Grove Fashionettes last week, and the team won both its games to take over first place in the Lemon Grove Bobby Sox League.

The Fashionettes took on the co-league leading Lionettes and escaped with an 8-0 decision to move temporarily into the top spot. The following day, the Michael's House of Sight and Sound Quasarettes won a showdown with the Severin, Garazenelli and Stenbeck Crioles, 15-10, to move back into a tie with the Fashionettes for the top spot. At the beginning of the week, all four teams were tied.

The victories by the Quasarettes and Fashionettes set the stage for the showdown between the two teams, which saw the Fashionettes make off with a 13-5 decision. Andrea Corrao led the winners with five hits, including a triple and two doubles.

In the minor league, the Lemon Grove Chrysler-Plymouth Crickets won a pair of contests, slipping by the L.G. Orthodontics Smilers, 15-7, and squeezing by the A. O. Reed Air Conditioning Koolers, 14-13. The victories brought the Crickets' record to 9-0, tops in the league.

LETTERS

Dear Editor:

The World Bank, an entity of the United States reporting directly to the Economic and Social Council, is trying to make a big grab for millions of dollars in the budget. This World Bang group — the Bank, I.D.A. (the "soft loan" giveaway group) and the International Finance Corporation — are asking Congress for hundreds of millions the U. S. doesn't have, and if granted will have to be borrowed. This would fan inflation and create more taxes for all of us.

Your Congressmen should be alerted to take a long look at these McNamara "giveaway" whiz kids and their request for more and more of their toys — **YOUR** money!

Sincerely,
C. C. Moseley,

STILL GOIN' STRONG — Bill and Jennifer Malone spent Sunday afternoon at Lake Morena County Park trying to get ahead of the bullhead catfish population. Even with this string, caught by mid-afternoon, the fish supply is greater than the demand, according to park rangers.

VOLUNTEER — Mrs. Merle Griffin, of Lemon Grove, was among 50 American Cancer Society volunteers who were honored recently at a service luncheon at the Kona Kai Club. Other local volunteers honored at the luncheon were Mrs. Philip M. Carle and Mrs. Raymond Tetzlaff.

Film Set Friday

"The Return", a film about the "second coming" will be shown at the Bible Presbyterian Church of Lemon Grove, 6901 Central ave., Friday evening at 7:30 p.m., according to Pastor David C. Bryant.

Refreshments will follow the film, which is open to the public and free of charge.

DMV To Send Reminders To State's Drivers

Sixty days before their drivers' licenses expire, California motorists will receive "time to renew" notices in the mail. Director of Motor Vehicles Robert C. Cozens said that, following a two-month pilot program in Sacramento County, the DMV will start issuing the reminders routinely on a state-wide basis.

The notices are made possible by the DMV computer's ability to pick out drivers with specific birthdays on which their licenses expire. They are not only a convenient reminder to those who might forget to renew on time, will also save a quarter million dollars annually.

A person coming into a DMV office to renew his drivers license brings the renewal notice with him. Instead of filling out a long questionnaire, he takes it directly to the driver licensing counter. It already bears identifying information based on his existing DMV record. He is asked to indicate any changes, such as address, height, weight, and marital status. With these noted, the form is ready for processing, having saved several minutes of the applicant's and clerk's time.

Three Fires Cause Damage To LG Homes

A trio of homes in Lemon Grove were damaged by fire last week, all in separate incidents.

The first of the three blazes was at 8:56 p.m. last Tuesday when a water heater in a garage and a broken gas line combined to start the flames. Damage was listed at about $300 to the James DeKaske home at 1638 Angela st.

The second inferno was at 6:20 a.m. Thursday morning, where the water heater in a garage at 2365 Peppermint ignited gasoline fumes and set off a blaze. Loss to the Gordon Redding home was estimated at about $2,500.

Clothing too near a floor heater were blamed for the third fire, which caused about $200 damage to the home of Mrs. D. Intines at 8461 Broadway.

Ned's Claims Pennant

Ned's Outboard won its only game of the week to claim the first half pennant in the Sky-Grove Pony League last week.

Ned's beat last place Murphy Plumbing, 5-1, on an excellent pitching effort from Bob Lane. John Young chipped in for the winners with a circuit clout, and John Tiumalu blasted a home run for the losers.

Lemon Grove Lions Club split a pair of games with Hutchison Roofing to claim second place. Lions Club won the first game, a pitchers battle between Lion Neal Luscomb and Dave Taluban, 1-0, but Hutchison came back to win a slugfest, 10-8.

NEWLYWEDS — Miss Susan Alys Young, daughter of Mr. and Mrs. Joseph H. Young, of 7553 Cuyamaca, Lemon Grove, exchanged vows with James P. Cronin, of Illinois in ceremonies May 5 in San Diego.

The bride is a graduate of Mt. Migeul High School and San Diego State College, where she majoried in English. The bridegroom majored in economics at the University of Montana.

The newlyweds reside in Illinois.

PLANS TOLD — Mr. and Mrs. R. Paul Reynolds, of 9151 Golondrina dr., La Mesa, announce the engagement of their daughter, Beverly Jean, to Larry D. Hargraves, of Texas.

The bride-to-be is a graduate of Mt. Miguel High School and attended Texas Tech University in Texas. She is presented with the Re Generation, a Christian-Patriotic singing group. Her father is assistant superintendent for business services with the Lemon Grove School District.

Hargraves is a graduate of Texas Tech and is currently working toward his masters degree there. No date has been set.

Week-end Motocross Races In Carlsbad

Top American motorbike riders, competing for $4,000 in prizes and point toward Grand National Championships, will meet Saturday and Sunday at the Carlsbad Raceway.

Gates will open at 8 a.m. Saturday with the first motocross race at 9:30 a.m. A beauty pageant and other entertainment events will be held at noon. A nitro injected race at 8 p.m.

On Sunday a practice session starts at 11 a.m. with the first motocross race at noon. Trophies will be presented at 5 p.m. Motocross is a cycle race over natural terrain with hazards — lots of them — added.

Signs in Carlsbad direct fans to the course.

City Population Grows

With new people moving into San Diego at an accelerating rate, the city gained approximately 10,000 new residents during the fourth quarter of 1971, resulting in an estimated population of 740,000 on January 1, 1972. This brings the net gain for the year 1971 to 26,200, an annual increase of 3.67 percent. In 1970 the annual increase was 17,300 and 2.48 percent, according to the San Diego City Planning Department in its quarterly report.

It also reported that the supply of vacant housing in the City of San Diego grew by some 1,119 units during the fourth quarter of 1971, as builders completed 1,988 single family residences and 2,819 multiple units.

Political Merry-Go-Round

(Continued from Page 1)

the Chula Vista, National City, San Diego Police Departments; San Diego Sheriffs, D. A. Investigators, and Marshals Departments.

John Lynch, the new chairman of the California Board of Equalization, was scheduled to be in San Diego this morning for a breakfast with local, active Democrats. It was held at Democratic headquarters at 505 Hotel Circle.

Retiring Supervisor Henry Boney, who last week endorsed Gene French as the candidate for the 2nd District post Boney is relinquishing, said his decision was based partly on the knowledge that French will seek less government rather than more. Another plus, said Boney, is French's founding of Gene French Television Associates, a firm producing teevee programs geared to communicating spiritual values to America's youth.

This, he indicated, would make him responsive to young voters.

Bob Miller, aspirant for the post of County Clerk, has opened offices at 2703 Adams ave., San Diego. He seeks to unseat Jesse Osuna, present clerk.

A major issue with Miller is the question of the Constitutional right of civil service employees to seek a political office.

Miller, a former deputy County Clerk, said he was "summarily fired by Osuna because he took out candidacy papers to permit voters to decide who should fill the office."

Miller, who holds a law degree, was a 13-year veteran of the Clerk's office until his separation.

Dr. Gaylord Parkinson, of El Cajon, former state Republican chairman who was national campaign chairman for President Richard Nixon, in 1967 has formally endorsed Rep. John M. Ashbrook for president.

Ashbrook, a conservative Republican, is hoping for a strong showing in the primary.

Dr. Parkinson said "I am still standing on the 1968 (GOP) platform, but the President is not."

Dr. Konstanzer Moves

Dr. Walter Konstanzer, a Lemon Grove physician and surgeon has opened offices in the Mission Bay Medical and Dental building, at 4295 Gesner st., Point Loma.

Dr. Konstanzer was associated with Dr. George Brassington for four years before opening his own office.

NOT FAST ENOUGH — Mt. Miguel High School distance runner Bob Morrison didn't quite have what it took last Saturday when he ran in the C.I.F. preliminary meet in Balboa Stadium. Morrison placed fifth, which failed to qualify him for the finals this Saturday. Mt. Miguel did have two qualifiers in Joe Stubbs, who finished fourth in the mile, and Gary Trask, who finished third in the 880. (Vince Broesch photo)

Super-Sound Group Is SD Padres Extra

Azteca, the super-sound group from San Francisco including headliner Carlos Santana, will make its first Southern California appearance with an on-the-grass concert following the Padres-Cubs game at the Stadium on Sunday June 4.

In addition to Santana and several former members of his exciting group, the 18-member new Aztec sound features a four-piece horn section of Bob Ferriera of the Buddy Rich group on tenor sax, Tom Harrell (trumpet) formerly of Cold Blood and the Woody Herman Band, Mel Martin (baritone sax) of Boz Scaggs and Cold Blood and Jules Powell (trombone) of the Ray Charles Band.

Tickets for the "Day-In The Sun" baseball game-concert, at the regular-game price of $3.50 for field and plaza locations, are on sale now at the Stadium Advance Sale Window at Gate E. These tickets, limited in number, will admit holders on to the field for the concert.

The Padres and Cubs game begins at 1 p.m.

3 Missing Sups Stop Local Issues

SAN DIEGO (CNA) — Wednesday this week was cancelled by the County Board of Supervisors.

One conference and seven public hearings were cancelled because the board could not muster three of the five members for a quorum.

The conference, concerning a review of school financing in connection with subdivisions, was reset to June 14.

The one of most public interest was probably formal recognition of the Valle de Oro area panning program. This area includes Spring Valley and Casa de Oro.

Normally, formal recognition is a routine matter, but in this case, the county has a petition of about 425 signatures from property owners requesting exclusion from the plan.

Bristol Axed As Hospital Administrator

Grossmont Hospital Administrator Leverett Bristol, who held that post for 10 years, was fired last week after the hospital's board of directors learned that the proposed 164-bed expansion project scheduled for construction this fall may not receive approval.

Bristol, 55, who has been a hospital administrator for 26 years, was relieved of his duties after a two-hour executive session. Bristol steps down from the $23,000 post and was replaced by assistant administrator Ronald Dahlgren, who was named acting administrator.

Bristol, who lives in El Cajon, indicated that the firing took him by surprise but added that "When you put all the circumstances together, somebody had to be the fall guy".

The board fired Bristol after learning that the proposed 6-story project must have the approval of the Comprehensive Health Planning Organization, which apparently feels that the addition is not necessary, based on a five-year projection of beds needed to serve the area.

The projection, however, fails to consider efforts of the proposed Rancho San Diego Development, which would add a considerable amount to the population the hospital will serve, although not all of the increase would be in five years.

In a hand written statement after the executive session, board chairman Forace Boyd expressed the "Board's dissatisfaction with the administrator's performance, particularly with respect to the hospital addition project."

Bristol was allowed a month's severance pay.

Nude Nightclub Licensing Denied

A nightclub license demand was denied Lemon Grove's nudie showplace, The Naughty Spot, 7268 Broadway, by Superior Court Judge Roscoe S. Wilkey.

It came via a denial of a court order sought by Jerome F. La Freniere to compel the county to grant the license. La Freniere was successful in challenging the county's ban on nude dancing last year.

The court judged only the validity of the application and noted that La Freniere is living in Eureka and that James Morgan, Jr., said to be the manager, is La Freniere's brother-in-law.

OTD Carny Booth Pays For Kids Mountain Trip

Youngsters of the Lemon Grove Youth Center, on School lane, will take a field trip Saturday.

They made enough money at the Old Time Days carnival in a booth provided by the L.G. Lions club, to pay for the bus. Thus, for the first time, they became self-sufficient, according to Dennis Bulcao, one of the student councilors at the Center. Dale Woods is the Center's director.

Together with some funds donated by interested residents, the group will not only be able to pay for the bus but will be able to pay for their food. The group will be on the trip from 9 a.m. to 9 p.m.

Having experienced the sweet taste of success in business at the carnival, the youngsters have set a car wash for the following Saturday — June 3 — to raise more funds. The wash will be at the Urich station, Broadway and New Jersey, in Lemon Grove from 9 a.m. to 5 p.m.

Things were looking better at the Center clubhouse, too. An anonymous donor gave two good, overstuffed lazy-boy chairs, the first good furniture the youngsters had.

Meanwhile the circulation project for this newspaper continues. The Center gets 50 cents for every subscription our salespeople sell. The money is paid to the Center Association when the subscriber pays. This week the following 59 residents agreed to participate:
